6 ft White Snagless Cat6 Crossover UTP Patch Cable

StarTech ID: N6CROSS6WH

StarTech.com's Cat6 UTP Snagless Crossover Patch Cables offer reliable Ethernet connections. This 6 ft cable is ETL verified to meet or exceed all Category 6 performance standards, and features a durable white jacket that simplifies departmental color coding while providing rugged flexibility for network connections.

To ensure long-lasting performance, our high quality Cat6 UTP Snagless Crossover Patch Cables feature a snagless design that protects the RJ45 clips from damage and makes the cable less prone to snagging during installation. The cables also feature PVC molded strain relief that prevents the RJ45 connector termination point from bending at sharp angles - reducing the risk of cable damage, which could decrease network performance.

StarTech.com's 6 ft White Cat6 UTP Snagless Crossover Patch Cable is constructed of only top quality materials to ensure optimum durability and is backed by our Lifetime Warranty.
